

Dive and Explore

10 Days/ 9 Nights

With our Dive & Explore packages you will get the most out of the Togian islands. During a 6 days boat trip you'll drive through the impressive island landscape with like minded travellers. You will visit empty beaches and a bajau village, swim in a jellyfish lake, get a sneak peak how the locals live and climb the volcano in Una Una. After the island hopping it's time to "get your PADI" or if already certified, to explore the underwater world with Araya Dive Resort.
